1.6.1 QUALIFYING SCORE

The same process will be followed for scoring both the Highland and Lowland Speed Championships.

The maximum QUALIFYING SCORE is the aggregate of the points gained at four (4) less than the total number of Championship rounds run in the year for the championship concerned, the lowest scores being dropped.

Unless stated otherwise, awards will be decided on the competitor's QUALIFYING SCORE only, based on the betterment of class records for each venue. For the purposes of these championships, the class records used will be those that apply to the championship classes, as provided by the organising clubs at the start of the championship year.

The fastest of the first two competition runs offered at each qualifying round shall count for championship points, irrespective of the number of competitive runs taken at individual events.

Points will be awarded following each event based on the following calculation:

Class Record/Competitor Best Time x 100

Where no previous record exists for a class, the new record will be used as the basis of this calculation.

The Overall Champion will be the competitor with the highest QUALIFYING SCORE irrespective of class.

1.6 JUDICIAL PROCEDURES & PENALTIES
